

The **Green** & Lean Lecture Series

Saving money & saving the planet

Green & Lean is a series of monthly lectures which focus on ways to save money and resources. We have adopted a very pragmatic approach – no technical jargon, no complicated concepts, just straightforward, useable information you can put to use in your own home or place of work. (There is no charge for these lectures.)

Wednesday, May 20th at 7 PM: **“Cutting Your Electric Bill by 50%”**.

Wednesday, June 17th at 7 PM: **“Solar Hot Water Systems”**.

Wednesday, July 15th at 7 PM: **“The Non-Toxic Life: Keeping your home & family healthy while saving oodles of money”**.

Where: St. John Episcopal Church (next to Pemetic School), Southwest Harbor.

Jointly sponsored by St. John Episcopal Church, *ROOTs* and the Downeast Group of the Sierra Club.
